

From Remembrance to Renewal

Every year we light our Yellow Candles on Yom HaShoah to remember the Jewish victims of the Holocaust.

Following the Memorial Ceremonies in your homes we are encouraging the community to not throw away their empty Yellow Candle tin. Instead, **plant a seed** for the future, to help **remember the past**.

(We recommend piercing a hole in the base of the tin to allow water to drain through)

In order to continue honouring the name of the **Shoah victim**, we recommend placing the **Name Card** in a **Siddur** (Jewish prayer book).
